## "Who's Who" Representatives Selected At Chapel Period

### Western Players Release Cast For "Dear Ruth"

"Dear Ruth," a Broadway hit production by Norman Krass, will be presented on Tuesday, November 26, at 8 p.m. in Van Meter Auditorium, by the newly organized Western Players.

Under the leadership of Mr. Russell H. Miller, of the English department, the Western Players have reassembled as an organization. The college dramatic club productions date back as far as 1934; several other plays were given prior to this date, but the Western Players assumed recognized status in 1934. They became inactive following the departure of Mr. Sterrett from the Hill in 1945. The actors guild consists of students who study in the speech and play production departments; the actual plays serve as practical applications of the workshop. This season two plays are to be given for the public, according to an announcement by Mr. Miller.

"A sure fire popular comedy about the young, exploiting an amusing situation for comedy, farce and romance alike, and framing it in the fat plush of family life," states a theater critic of the Time magazine staff. "Dear Ruth" is a romantic domestic comedy in two acts, built around the return of a young army lieutenant from overseas, and features the upsetting effects of the Wilkins family to his mission.

The time of the play is set during the latter part of the war, when all American homes were engaged in keeping up the morale of the men overseas. The incident of the comedy arise out of the sudden return of Lt. Bill Seawright to claim his alleged V-mail sweetheart, "Dear Ruth."

Norman Krass's life is an exemplary story of from-rags-to-riches; in seven years he advanced from clerkship, selling neckties in a basement, to his present recognition as a

The following students were elected in the voting which took place by ballot at the chapel program: Anna Jo Cook and Betty Jo Cook, London; Dee Gibson, Jr., Cleveland, Tennessee; Sarah Sue Jones, Beech Creek; Robert R. The selection of the 17 seniors was made from a voting list of 40 candidates who had won places on the ballot in a previous nomination. The successful candidates will be featured in the 1947-1948 volume of Who's Who with thumbnail sketches, and their pictures will appear in the feature section of the TALISMAN, Western's yearbook.

The tabulation of votes was not concluded until 5 o'clock yesterday afternoon.

### Speaker Asks U. S. Help For Foreign Students

Representing the World Student Service Fund, Verena Von Lieben of Austria spoke at chapel exercises Tuesday morning, October 28. The daughter of a professor at the University of Vienna and a former medical student at the institution, Miss Von Lieben is personally aware of the tremendous hardships and difficulties confronting the students of war-ravaged Europe.

Miss Von Lieben stated that a fifteen dollar contribution would pay a year's tuition for a deserving young man or woman desiring to enter the university at Vienna and that five dollars would provide subsistence for a week. She said that the average student in the university existed on approximately 900 calories per day as contrasted to between three and four thousand consumed by the American student.

The young speaker cited the fact that we consider our schools overcrowded because that our students often have to live in trailers on campus grounds and then stated that students attending the colleges of the war-ravaged countries of Europe were compelled by necessity to sleep on floors in class rooms and in railroad stations. Due to the closing of all universities in these countries during the war, she said that the influx of students upon the reopening of the schools was six times greater than in the period immediately preceding the war. As many as thirty students, she said, often had to use one book and that because of the shortage of writing paper, students could be observed going about the streets picking up scraps of paper on which to take class notes.

Miss Von Lieben, whose obligation is to assist in establishing contact with student organizations in American schools, requested that the students at Western reflect upon the problems of students in her homeland and participate in making it possible for the countries devastated by war to regain their positions in world culture.

## STUDENTS VERSUS THE WORLD

The world has just passed through the most disastrous war in the history of civilization. As in most previous wars the combatants, the men in the planes and ships and the infantryman wading through the mud, irrespective of the uniform they wore, were thoroughly convinced that they were fighting for freedom. Millions of lives were expended in determining whether England would be free to maintain her world empire, the United States her concept of free enterprise and world trade, Germany her "Grosse Reiche" policy of expansion, or Japan her "Greater East Asia Policy."

The allies triumphed, but few would assert today that the world is nearer universal peace or brotherhood than in 1938 and early 1939. The cost in blood, tears, and anguish was stupendous, but the reward which was proffered in exchange has eluded us. Three thousand years of history prove that peace cannot be maintained by the sword for more than brief periods.

The price of enduring peace is an individual understanding of world problems and conscientious personal effort in attempting to solve them by many individuals. That college people should be the best equipped to carry out such a policy seems entirely logical.

At a recent chapel program featuring an address by Verena Von Lieben, a young medical student from the University of Vienna, the majority of the student body was conspicuous by its absence. Those who failed to hear her enlightening discourse failed in their obligation to themselves by not taking advantage of a rare opportunity to learn first-hand of the conditions that face our fellow students in Europe.

In general, student nonattendance could be charged simply to absolute lack of interest in problems which do not affect the individual immediately and directly; but those who shrugged off responsibility by remarking that she was an Austrian, a former ally of Germany, present quite another problem.

Our country has pledged itself to the principles of the four freedoms: freedom of religion, freedom of speech, freedom from fear, and freedom from want. Unconditional surrender of Germany and Japan was demanded and exacted. Today the responsibility for what happens in Europe is ours.

National fear of conflicting political ideologies is made apparent by the congressional investigation now in progress. Communism is unlikely to prove a serious menace when a nation is the state of well-fed lethargy that the United States is today, but the hungry, cold millions in Europe provide a fertile field for anyone who will point the way to real or potential security.

Upon this nation rests the responsibility of putting into action the principles of the Atlantic Charter. No concept of government can ever threaten the democratic ideology which has developed since the day of John Locke, but the brutal fact remains that far more than an ideology is required to meet the needs of the world today. Platitudes fail to satisfy the mother who must exist on a ration less than one third of what we Americans enjoy, and see her children minds and bodies become weak and warped through the lack of those essentials of which God has supplied ample quantities.

The world looks today to individuals of broad knowledge to provide the answers to world problems. Until we as college men and women can rise above barriers of race and political theory and establish brotherhood and understanding with kindred souls the world over, the road to world peace must remain uncharted.

## MRS. T. C. CHERRY LEAVES FACULTY

Mrs. T. C. Cherry has resigned after a long and fruitful period of service as a member of Western's English department.

At the beginning of her tenure here Mrs. Cherry taught

speech and elocution and conducted the college plays. During recent years she specialized in teaching "Victorian Literature" and "Tennyson and Browning." In addition, until last year Mrs. Cherry had charge of the college commencement programs.

But a mere enumeration of her duties, essential as they were, would fail to portray in any appreciable degree the service which she rendered the academic community.

Her sympathy, understanding, and broad outlook on life endear Mrs. Cherry to students and fellow faculty members alike. Her belief in the inherent goodness of people is a by-product of her sense of high personal idealism.

She always experienced a deep personal interest in the problems of her students, and in the vital little incidents of their lives. Hers is a rare talent for making the learning process a unified class effort which exacts the maximum of cooperation from every member.

A story often told on the Hill serves as an excellent example of Mrs. Cherry's fine, helpful attitude. While traveling by train one day, she met a young working girl who was conscious of a need of more skill in the use of English. Mrs. Cherry sent her books and finally prepared a course of study which led the girl to a much more facile mastery of the language. The gratitude which was conveyed to Mrs. Cherry by letter is typical of the feeling of Western students subjected to her radiant personality.

Although Mrs. Cherry will no longer serve with the Western faculty, she will reside at her home at 948 Parkway and continue to make her rich contribution to life on College Heights by frequent visits to the campus.—Charles Wheeler.

## YOUR MANNERS ARE SHOWING

Many definitions of the word "etiquette" can be found in the dictionary. Boiled down, they all mean the same; "Do unto others as you would have them do unto you." Cheerfulness and good manners go together. The rules which are etiquette are easy for anyone to learn and are the tools with which we carve our relationships with other people.

Because nearly everyone eats, let us consider this phase of good manners first. After seating yourself at the table, unfold your napkin and place it across your knees. Don't shake it out as though you were trying to flag a train, or tuck it under your collar, tie it around your neck, or anchor it under your belt. After the meal, place your napkin in loosely gathered folds beside your plate.

The knife is used to cut food and to butter your bread, if no bread and butter knife is provided. The knife is not designed to laddle peas and much wear and tear on the tonsils can be avoided by proper use of this tool.

Place the food in the mouth with the fork. Never pile up a mound of food on the back. Tender food may be cut with the side of the fork. A good rule to remember is never to eat with a spoon those foods which can be eaten with a fork. Spoons are used for soup, fruit cocktails, coffee, some desserts, and sometimes (at very, very informal meals) for side dishes which are quite liquid, such as stewed tomatoes.

Try to eat without making any noise. You can tilt the spoon so that soup will enter your mouth without sounding as though it were being sucked up a mountainside by a hydraulic pump. Dip the spoon away from you toward the center of the table and eat out of the side not the front of the spoon.

In drinking your coffee or tea, never taste a spoonful to see if you got enough sugar and cream. Also never drink with the spoon in the cup. Besides the awful fear watchers may have that you will injure an eye, your finger might slip and the hostess get a shower. Saucer drinking is absolutely out. It looks frightful! It's clumsy! And the vocal effect is something like a hog at a trough.

If you ever see a dish you don't know how to eat properly, watch your hostess or some other person who is well thought-of in social circles and should know. The next issue we will try eating a few of the most common "problem-dishes."

## Are You A Good Roomie?

One of the most important college courses isn't listed in any catalogue—but it might be called "Living With A Roommate." Just in case your roomie is too polite to tell—better give yourself a quick check-up.

Answer "No" or "Yes" to these Varsity Magazine questions. If you answer "No" to at least 11, you're a pretty fair roommate; 13 to 17 means you're wonderful; more than 17 indicates you're too good to be true. If, on the other hand, your "No's" are below 9, Varsity, the young man's magazine, suggests that you become a hermit.

1. Do you lose your temper easily?
2. Do you sulk?
3. Do you talk too much?
4. Do you read out loud?
5. Do you gossip?
6. Do you fail to consider his (or her) likes and dislikes?
7. Do you expect to be included in his invitations?
8. Do you brag about your work, friends or social position?
9. Do you rely on your roommate for amusement?
10. Do you talk too much about your heart interests?
11. Do you always talk about your troubles?
12. Do you try to be the boss?
13. Do you ask questions about personal matters?
14. Do you share his interests?
15. Do you lack respect for your roommate's privacy?
16. Do you play the radio continuously?
17. Do you take the best drawers and hog the closet space?
18. Do you litter the room?
19. Do you neglect cleaning up after a party?
20. Do you forget to pay half of mutual expenses?

## Huddleston To Head Radio Staff

Paul R. Huddleston, AB '37, has been named manager of WKCT, Bowling Green's new radio station operated by the Daily News Broadcasting Company, and which opened Saturday.

Elected to the post of vice-president was Don Ray. Mr. Ray is also a physical education major and is well known for his athletic ability on the basketball floor.

Lively Wilson was the choice as secretary for the 1948 class. Mr. Wilson has a high scholastic mark at Western and been prominent in oratorical contests. He is an English major and plans to enter law school.

Martha Paxton was chosen as treasurer. Miss Paxton has been active as a member of the women's intramural council. Her major is in physical education with a minor in biology.

The informal affair began with community singing. The group sang school songs, barbershop variety, and old Southern tunes. The singing was led by Thomas Stokes with Aleeta Smith at the piano.

Acting as master of ceremonies, Owen McPeck humorized the affair with his own version of "People Are Ignorant", using various members of the band as "subjects". Winners were awarded apples as prizes.

Following, Owen McPeck, David Livingston, Thomas Stokes, and Charles Blair put forth their intentions of presenting "Mumbles" and his "Errorless Quartet".

Another humorist, John Morton, gave a short "speel" on "Travesty on Legs". His philosophy as well as his tactics in humor were well received.

Donald Granstaff terminated the student program, with two selections on the accordion, "Dark Eyes", and "South".

A portion of the evening was then allotted to showing technicolor film on the band's marching formations at the half of the homecoming game, as well as films of the 1941 band.

The remainder of the party consisted of dancing and fireside chats. Dance music was furnished by the Cedar House juke-box.

# Mr. Dagget Plays For Paducah Club

Mr. George Dagget, teacher of piano, opened the season for the Paducah music club Tuesday of last week in a dinner recital, an affair which annually opens the club year.

At the age of fourteen he made his debut as soloist with the New York Symphony under Walter Damrosch. While attending the Institute of Musical Art and the Juilliard Graduate School, he continued his studies in music with Louis Persinger. Winner of the Walter Naumburg award in 1934, the \$1,000 prize awarded by the National Federation of Music Clubs in 1936, and the Schubert Memorial Contest, Mr. Knitzer has been heard on various radio programs, including the Kraft Music Hall and the Ford Sunday Evening Hour. Mr. Shelby walked two blocks to the Crittenden County hospital after first walking to a doctor's office, and finding the physician was out.

The subject of Mr. Orendorf's dissertation is, "A Lawyer's Concept of the Trial of Christ." This address should prove interesting to members of the faculty and the academic community.

Mr. Orendorf graduated from Centre College, AB '30, Tulane University, LLB '34, and did post graduate work at the University of Wisconsin.

Recent speakers at vesper services have included two ministerial students, a member of the faculty, an evangelist, and a state secretary of student work. The religious council is interesting in securing the support of all local churches in providing outstanding speakers for these weekly devotional services.

Daily devotional services are held in the Upper Room at 11:55 a.m. Students conduct these brief periods of meditation and prayer. The Upper Room is a beautiful chapel located on the third floor of the library and students and members of the faculty are invited to spend quiet moments of meditation there at their convenience.

## "It's A Small World" Says Miss Von Lieben

During her visit to Western, Miss Verena Von Lieben discovered that after all we live in a small world, through meeting one of her fellow countrymen who is a student at Western.

Miss Lieben of Vienna, Austria, appeared here as guest speaker in chapel October 28, and after chapel she was introduced to Mrs. David Gilmore, also from Vienna. Before

very long the two young ladies realized that they had more in common than just being Viennese.

They discovered that they had known about each other for some time but for some reason had never met formally.

Mrs. Gilmore is a good friend of Miss Lieben's cousin, Mrs. John Monahan, of Elizabeth, New Jersey. To make the story more interesting, Mrs. Gilmore's husband and Mr. Monahan were soldiers together in the same section for eighteen months.

Mrs. Monahan is also Viennese, and she and her husband came to America on the same boat with the young Gilmores.

The two Viennese friends spent a pleasant day talking over old times, and in the evening they had a typical Viennese dinner at Mrs. Gilmore's apartment.

He received the BA and MA degrees from the University of Mississippi and did graduate work at Columbia University, the University of Louisville, and the Bowling Green College of Commerce.

Mr. Miller entered the Army in July, 1942 as a private and was discharged in April, 1946 with the rank of captain.

## Sadie Hawkins Day Nears Unmarried Males Doomed

The haggard, hunted expression seen so frequently on the faces of Western's males this November is not caused wholly by overwork but is the natural result of the return of Sadie Hawkins Day to the Hill.

On Saturday, November 15, any Western man will be fair game for any predatory females who happen to be on the prowl for a date to the Sadie Hawkins dance.

For the past weeks energetic young girls have been posting bulletins announcing the fatal day on all conspicuous spots on the campus in order that no naive Western youths may remain uninformed as to the purpose of the day.

Sadie Hawkins Day, as all avid Al Capp readers know, is the day on which the bachelor residents of Dogpatch are forced to outdistance their feminine pursuers or become emeshed in the bonds of matrimony.

Luckily, the Western observation of the "unhappy day," as well as those on hundreds of other college campuses throughout the nation, is no permanent affair. The boy tagged by a local Daisy Mae is only required to act as her escort to the dance held at the Training school gym the night of November 15.

Although girls are expected to bring their "catches" to the dance, both girl and boy stags will be admitted, Miss Elsie Dotson, co-sponsor of the affair announced, Dr. E. L. Massey and Miss Dotson are members of the faculty social committee who are responsible for the re-insauguration of Sadie Hawkins Day here.

Tentative plans call for the Red and Gray Orchestra, conducted by Charles Blair, to play for the dance.

All couples should be costumed as leading Dogpatch characters Miss Dotson said, as a L'il Abner and Daisy Mae contest will be held and prizes awarded for the best portrayals.

The decoration committee, charged with decorating the Training School gym for the festive occasion met Thursday, October 30 in Dr. Massey's office. Members of the committee include Ann Burris, Horace Hurt, Sarah Jackson, Virginia Miller, and Mrs. Rachael Loudermilk.

Members of the Tailsman staff will take pictures at the dance, it was stated. The event will last from 8:00 p.m. until 12:00. Admission will be 75c couple or stag.

## Do You Know Mr. R.C. Woodward?

By Joe Baxter

Do you know R. C. Woodward? Students on the Hill, alumni, and every passer-by gazing upon the beauty of this campus probably never stop to think of those men that cut the grass, rake the leaves, and do the things that add up to make the Hill one of the most beautiful campuses in this country.

Mr. Woodward started working at Western in February, 1911 and has now been with the school longer than any other employee. He is supervisor of all work done to keep the campus clean. You probably have noticed him driving a scarlet red truck in the process of hauling leaves off of the grounds.

Opinion is that in the almost 37 years he has been here the appearance of the Hill has greatly changed. When he came, it was not much more than a wilderness. Throughout the years he has helped to improve many sites on the campus. He was supervisor during the excavating of the grounds for the Kentucky building, gymnasium, and the President's home. During the time that Dr. Cherry was president here, he helped in the changing of numerous box houses located on the campus to what is now known as Cherrytown.

One of Mr. Woodward's latest accomplishments is in the construction of the metal barracks in Veterans' Village. He personally mixed the concrete for the foundations and according to Mr. Woodward, they will be there forever.

Mr. Woodward is sturdily built, six feet tall, and has grey hair. His blue eyes are somewhat dimmed, but the twinkle of friendliness will never leave them.

In asking one of his fellow workers

Mr. R. C. Woodward

what he would say that Mr. Woodward had done at Western, he replied, "He hauled rock, graded the campus, made walks, roads, walls and everything the campus is today, he helped to make it that way."

Mrs. J. Marcus Whittier nee Eleanor Wesley, a former Western student, recently joined her husband, Lt. J. Marcus Whittier, in Orlando, Florida, where he is temporarily stationed. Mrs. Whittier left this country last December to join her husband in Austria, and before returning in August did considerable traveling throughout Europe. Faye Wesley, a Western sophomore, plans to visit Mrs. Whittier during the Christmas vacation.

# Short Skirt Is Preferred Still They Are Worn Long

By June Baxter

A poll conducted on the campus last week revealed that most people at Western are slightly confused about the long or short skirt question, as people are in much larger and better informed circles concerning styles.

Conducting a poll on this question is not easy either, for when the question is asked, "Are you for or against long skirts?" this is a typical answer, "Well, if you mean a little longer than usual, a little below the knee, I'm for them but if you mean the ones that sweep straight down to the ankles, I don't like them."

The boys gave the most emphatic negative answers. SONNY BULLARD said, "A young girl looks like an old woman about seventy or eighty with a long skirt on." GEORGE WADE'S comment was, "The shorter the better." LEON ORTKIESE, "I hate to see that much material go to waste in long skirts."

A few boys were for them — with qualifications. JAMES WHITMER said, "Hit a happy medium, a little below the knee." DAVE BREDENKAMP said, "They both have their points."

DOUG MOSELY commented, "If the girls want them, O. K., but if it's just a stunt to sell more clothes I'm against it. If I had a wife she couldn't wear them, though, because I couldn't afford them."

It is interesting to note that the Cherry County Life Club, when the

question was brought before them by their president, Clyde Raymer, turned thumbs down on the new skirts unanimously.

A larger percentage of girls asked were for long skirts than the boys, however, with the possible explanation that it gives them an excuse to get new clothes.

BETTY JO TIPTON said, "Everything else is changing in the world, so shouldn't skirts?" ANN CHAP-FEE remarked, "I think they're neater." LILLIE SIMMONS commented, "Girls look nicer in long skirts. Short skirts have been in style long enough."

LOUISE (PEEWEE) BELL gave most of the girls' opinion, "I like them a little long, but not those long, slick, and slinky ones."

Here is a table of the results of the poll:

Asked	Yes	No	Lbk.	Ind.
Girls	39	8	11	20
Boys	83	1	79	1

Total ..... 122 9 90 21 2

"Little below the knee." The innocent bystander's opinion is summed up in the words of DR. W. M. WILLEY and CHARLES WHEELER. Dr. Willey remarks, "Well, the skirt controversy has done one good thing. It has done away with slacks." Mr. Wheeler says, "I don't know what all the fuss is about. Girls who looked nice in short skirts also look nice in long ones."

## Literary Club Begins 2nd Year

The Literary Club for Veterans' Wives of Western began its second year recently.

The meeting at which new officers were elected was held at the Honey Crust Hostess House with Miss Gladys Hackney as hostess.

Mrs. Elizabeth Word, Home Demonstration Agent of Warren county, spoke on fashion trends. She advised the women to get as much wear as possible out of their present clothes, then make them over to coincide with the new styles. She said women can wear their dresses comparatively short now, but that they would be conspicuous by Spring. Mrs. Word also made many suggestions as to remaking of the dresses so as to have them longer, and she offered new ideas on how to wear the older coats with them.

New officers elected were: Mrs. Wallace Knight, president; Mrs. Kelly Sutherland, vice-president; Mrs. Earl Hatcher, secretary; and Mrs. K. C. Sinclair, reporter. Miss Catherine Horstman, AB '46, Executive Director of the Girl Scouts in Bowling Green, asked for volunteers to train for scout leaders and assistant scout leaders.

## Vets Hear Dr. Jones

The Western Veterans' Club met Monday evening in the Kentucky building. Dr. L. F. Jones, faculty sponsor, was introduced by Lynn Waller, president.

Dr. Jones asked for help in contacting veterans that drop out of school without the proper notification.

He stressed the importance of veterans notifying the office at school before entering the bonds of matrimony. Application for increase in allotment should be made preceding the date of marriage. He explained, "Allotments are paid from the date application reaches Louisville unless the application is stamped here."

After adjournment, members proceeded to the kitchen where refreshments were prepared by Norman Cohen.

## Rabbi Lewis Is Speaker At Western Chapel

"An intimate relationship exists between ethics and God," was the keynote struck by Rabbi Albert M. Lewis of the Temple Adath Israel, Lexington, in his address, Tuesday morning at chapel, on "The Practical Application of Religion."

"There can be no free world until every form of slavery is abolished," said Rabbi Lewis, "and a form of slavery exists in all instances where in man is put in a position where he must deny any of the laws of God."

Rabbi Lewis said that certain denial of freedom existed in the home where inequality of man and wife was evident. "Colonialism," he asserted, "may be dressed in various garbs but the face of slavery is there." The Jewish teacher said that race prejudice was not only an insanity but a breach of religious principles in that it was a denial of freedom to those under persecution or to those subjected to various inequalities.

The rabbi said that there are three existing things with which we may bridge the gap between Earth and God: A consciousness that man was created as one human being, a knowledge that man was made free, and an awareness of the unification of God—one God, a God of goodness for all peoples of the world descending from the one man of creation.

Rabbi Lewis served as Jewish Chaplain for the 11th Air Force for two years during World War II. In addition to filling his pulpit at Temple Adath Israel, he is now serving as vice-president of the Lexington Ministerial Association and as an instructor in the philosophy of religion at Transylvania College, Lexington.

Don Hoebach, BS '47, is teaching in Grand Rapids, Michigan.

## New Apartments Near Completion

Ten new apartments will soon be ready for occupancy in Veterans' Village.

The College is working to alleviate the housing shortage for married veterans. Five of the metal barracks which were obtained from the government and erected in the summer of 1946 are in the process of conversion into duplex apartments.

The apartment, when completed, will consist of a large combination living-room and bed-room, a kitchen and a large storage room.

Carpenters have finished the partitions and only the plumbing has to be completed. Of the remaining five barracks, four are occupied by single students and the other is the Village Nursery.

The English club met last evening at the Kentucky Building. The program, adapting for reading a one-act play called *THE VALLANT* by Hall and Middlemass, was given by Russell H. Miller.

At the first meeting of the English club held last month the following officers were elected: Charles Louer-

milk, president; June Baxter, vice-president; Jennie Foster, secretary-treasurer; and Hal Gilmore, sergeant-at-arms. ....

### PERSHING RIFLES

Pershing Rifles held a meeting last Tuesday evening in the drill hall of the Physical Education building. Lt. Col. R. H. Agnew gave an informal talk on the military tactics used on Bougainville. This was followed by drill practice under the command of Cadet Capt. Neil Pershing Rifles commander.

### VETERANS

A regular meeting of the Veterans' club was held Monday night, October 20, in the right wing of the Kentucky building. The club was called to order by Lynn Waller, president. He appointed a steering committee, recreation committee, and publicity committee.

After the appointment of these committees, general club business was transacted.

Norman Cohen led a discussion on the possibility of the Veterans' club sponsoring and publishing a school directory. The directory would include each student's name, classification course pursued, phone number, Bowling Green address, and home address.

A majority of the members thought that the idea was worthy of consideration. They voted to sponsor and publish the directory, provided sufficient advertising could be obtained.

Mr. Cohen estimated that such a directory could be produced and sold to students at 25 cents a copy.

## Student Mixer Party Planned For Tonight

A student party is planned for tonight in the gymnasium with the hours from 8 p. m. to 10 p. m. This will be a mixer, especially designed to "get the students acquainted" with each other.

The party is being sponsored by students in one of the physical education classes. Many different forms of entertainment have been planned to keep everyone busy for the two hours. Highlighting the program will be an amateur contest. Dancing, bingo, cards, penny-pitching and a fish pond will be other attractions with prizes awarded to all participants.

As this party must be completed within the two hours allotted, everyone is urged to be present promptly at 8:00. Come and bring your friends.

## Student Art Exhibit At Training School

An exhibit of student art is now on display in the Little Gallery of the Training school. A colorful variety of subjects, including human and animal forms in different media is included.

Finger paintings in brilliant hues depict deep sea scenes. One still-life arrangement has been executed in chalks by some little artists and in both water color or crayon by others. Soap carvings of animals have been made to illustrate farm and home life.

The work was done under the guidance of Miss Margaret Curd, who teaches art in the Training school and also conducts a class in art appreciation at Western.

### COLLEGE HIGH HOMEMAKERS

Twenty-four member of the college high chapter of Future Homemakers of America were present at a meeting held at the school Thursday, October 23, to make plans for the initiation of new members, which was scheduled for Tuesday night, November 4, in the home economics department.

Miss Sara Booker, vice president, gave a report on the program for the year. Miss Jane Cromwell, president, presided.

Joe Griffin Hendricks spent the week end at his home in Dunmore.

## Honey Bees' New Home Is Cherry Hall Dome

Honey bees have come to Western. The dome of Cherry Hall harbors a swarm. Students report seeing them as they fly in and out of their new home.

The dome will provide a good winter quarter for the bees. The elevation of the Hill along with that of the dome places them above surrounding obstructions, making possible a wider range for gathering nectar.

The newcomers are preparing for the black locusts, alfalfa, and clover bloom in the early spring. No one has volunteered to determine the size of the swarm nor how long it has occupied its new hive.

These bees should provide laboratory work for students in the bee keeping.

## Frosh And Sophomores Name Class Officers

The freshman class elected officers in a meeting held Thursday, October 30. Bobby Lively, a graduate of Bowling Green high and a native of Bowling Green, was elected president. Other officers were elected as follows: Joe Talley, formerly of Bowling Green and now of Louisville, vice-president; Julia Smith, Utica, secretary; and James Pickens, Princeton, treasurer.

Sophomore class officers were elected in a class meeting held Tuesday, October 21. Roy Mann, a native of Hartford and a member of the Western basketball squad, was elected president. During his junior and senior year of high school, Mr. Mann made the all district and all regional team.

Other officers were elected as follows: Juanita McIntosh, vice-president; Dorothy Agnew, secretary; Ida Kummer, treasurer; and Gregory Colson, sergeant-at-arms.

Grover Saylor, MA '47, is now teaching at New Albany.

## Halloween Party Is Given At Dorm

Highlighted among the Halloween festivities, Friday evening, November 21, was a party at Potter Hall. The hall was decorated in an orange and black scheme of crepe paper with spooky jack o'lanterns hung in the windows. A cherry, warm flame crackled in the big open fireplace around which colorful autumn leaves had been arranged. Hostesses Mrs. Robert W. Drew, Emily Amos, and Ann Rely Cochran greeted the guests. Entertainment was furnished by Gregory Colson who played several selections at the piano. Group mixer games followed. Social dancing and the Virginia Reel were popular with many as music came from the combination radio and phonograph. Many dripping faces were in evidence as guests bobbed for apples. Refreshments were characteristically in season with cider and gingerbread. Optimistic gentlemen and young ladies had their futures clarified by the fortune teller who gazed into uncharted regions.

Doris Blankenship was chairman of the social committee. Advertising was by Ann Rely Cochran, Ann Chaffee, Linda Ladd, Pat Walters, and Phoebe Welch did the decorating. The entertainment committee was composed of Zola Keith, Bea Burgess, and Bea Hutzel. In charge of refreshments were Lucy Beiler, Patty Moore and Neva Keener.

## Kentucky Building News

By Charles Wheeler

Mr. George Dagget, head of the piano department, will be the guest artist on this afternoon's "Kentuckiana" program presented at 3:00 by the Kentucky Building staff over WLB, local radio station. Mr. Dagget will present a recital of piano music taken from the works of Kentucky composers.

This program will be of thirty minutes duration rather than the usual fifteen.

Mr. Dagget will open the musical part of the program with "Kentucky State Normal March" by Franz J. Strahm, who served for many years as head of the Western music department.

Other compositions to be presented include the following: A waltz, "Souvenir du Lockland," Balmer; an adaptation for piano by Mr. Dagget of the song, "When You Talk About Old Glory," Ellis; Romance, Bagby; and a novelty number, "Colored Aristocracy Cake-walk," Bernard.

Also featured will be original compositions by Dr. Welden Hart, head of the music department, and by Mr. Dagget.

Mrs. Mary T. Moore and her staff last week provided an opportunity for the people of Bowling Green and adjoining areas to hear some of the recordings of Kentucky composers and musicians which have been presented to the record collection recently started at the library.

Although the collection was started only a few weeks ago and is not large, the program presented offered a wide variety of songs and ballads, ranging from traditional Kentucky ballads to an operatic aria rendered by a Kentucky star of the Metropolitan.

The program included a recent recording of "Kentucky Babe" by Bing Crosby and Fred Waring.

One of the most colorful numbers presented was "Dark as a Dungeon" by Merle Travis. Mr. Travis, a native of Drakesboro, Muhlenberg, Co., is one of the most noted ballad composers and singers in radio today. He succeeds in capturing in his music much of the drama of life in the mining section where he was born. In Mr. Travis' songs can be felt the pride of the miner as he faces daily the dangers of his occupation, his determination as he literally digs his living from the earth by the sweat of his brow, and the happiness which he derives from success under unique conditions.

In contrast to Mr. Travis' contemporary work was "Molly Darling" composed by Will S. Hays of Louisville. Mr. Hays attained world renown and wrote more ballads and sold more of his songs than any other Kentucky composer.

No program of Kentucky music would be complete without a number by John Jacob Niles accompanied by the old dulcimer. Mrs. Moore offered "I Wonder As I Wander" rendered in Mr. Niles' inimitable style.

A beautiful recording of the well-known "Duna" by Josephine McGill was played.

As representative of the work of Kentucky opera stars, a recording by Richardo Martin, Hopkinsville, of an aria from Puccini's "La Tosca," was presented.

Since the music of any people is one of the richest areas of its culture, the preservation of that music for future generations is of vital importance. Musical compositions are naturally most authentic as rendered by the contemporary musicians of a given period.

Since the invention of the phonograph, a means has been available for so recording current renditions

of music. However, the great majority of recordings are made only once, and like books are all sold out and are then out of print, or to use the correct term for recordings are out of press. Many of the recordings of Caruso, Galli Curci, Farra, and others great musicians are impossible to obtain today for this reason.

Likewise, records of special Kentucky interest were made, and are being made today, which should be presented in any Kentucky collection before the opportunity is forever lost, just as old books and relics should be kept.

For this reason the Kentucky Building staff are acutely aware of collection. They are depending on the people of Western Kentucky to provide what, so far is known, will be the only collection of exclusive Kentuckian recordings in existence.

We believe that the public will not hesitate in supporting this project. Records which are so worn that they sound wavy and scratchy can often be restored to a useful condition. In the future we, no doubt, will have the pleasure of announcing the receipt of many valuable records, and reporting a rapidly growing collection.

Lieutenant Charles I. Holbrook, on October 22 visited the Kentucky library, where he was student assistant while at Western.

Lt. Holbrook is now stationed at Bowman Field, as United States Air Force liaison officer, State Wing Air Patrol for Kentucky.

While in service he was reported missing in action after a raid over the Roumanian oil fields, and later was interned in Turkey, a neutral country.

He again was on active duty in England in 1943, and was badly injured in a crash landing. He was hospitalized in England and later at Mitchell Field, Long Island.

In 1945 Lt. Holbrook was flight control officer at Chatham Field, Savannah, Georgia, and then operations officer, Air Transport Command, at Westover Field, Springfield, Massachusetts.

In December, 1944, he was married to Miss Esta Mae Catlin, who was a Second Lieutenant, Army Nurses Corps. Lt. and Mrs. Holbrook are the parents of two children, a boy and a girl.

### Grad Named To Office In B. G. Bar Assoc.

J. David Francis, BS '41, was elected secretary-treasurer of the Bowling Green Bar Association at the monthly dinner meeting of that organization Monday evening, October 13, at the Helm hotel.

Mr. Francis majored in Economics and Sociology while at Western and was a letter-winner at guard for the football squad. He attended law school at the University of Kentucky.

He will fill the unexpired term of W. L. Matthews, Jr., who is now a member of the faculty of the University of Kentucky law school.

## Veterans Views

Veterans whose high school education was interrupted by war service may complete their schooling under benefits of the G. I. Bill and later attend college or take up job-training, officials at the Veterans Administration branch office in Columbus, Ohio explained, today.

Provided he has sufficient period of eligibility for education or training, a veteran may elect to complete his high school education under benefits of the G. I. Bill and use the remainder of his eligibility to attend college or take job-training. However, he must obtain a new certificate of eligibility for presentation to the college or institution where he desires additional education or training.

Veterans who receive unearned subsistence checks after interruption or discontinuance of training must return all over payments to the government, or make satisfactory arrangements for repayment of the indebtedness.

V. A. said veterans who fail to make arrangements to repay subsistence allowance overpayments while in education or training may be prevented from re-entering schools or job-training courses under the G. I. Bill.

Also, if they apply later for unemployment or self employment allowances they will have the amounts they owe the government deducted from the benefit checks.

Explaining that federal statutes prohibit payment of government funds to persons indebted to the United States, V. A. said instructions will be issued to state unemployment agencies for recovery of such overpayments from readjustment allowance claimants.

### College High Chorus Gives First Program

College High's seventy-five voice mixed chorus, under the direction of Mr. Leroy Fritz, presented its first program of the year, Friday, October 31, at ten o'clock in Van Meter auditorium.

The eight numbers selected included "Vesper Hymn," Beethoven; "Go Down Moses," Negro spiritual; "Prayer from Hansel and Gretel," Humperdink; "Early One Morning," English folk song; "The Shadow March," Nobel Cain; "Summer-time," Gershwin; "This is my Country," arrangement by Paul Whitman; "Prayer of Thanksgiving," old Dutch.

Mr. Fritz, AB '47 replaced Mr. Otto Mattel as music director for the Training School this fall. He is also serving as director of the choir at the First Baptist church; in addition he plays with the faculty string quartet.

Mrs. Paul Garrett and Mrs. C. A. Loudermilk were exhibitors and winners in the annual Bowling Green chrysanthemum show held October 30 in the main lobby of the American Legion Hall.

There's fun at the Cedar house for all! Here is a typical scene at the popular "hang-out" showing a few of the students enjoying the new record collection added this year. Mrs. Ed Rutledge is hostess at the Cedar house.

## Dr. Guy Aud To Address Chapel

Dr. Guy Aud, president of the Kentucky State Medical Association, will be the distinguished guest speaker in assembly on Tuesday, November 11, at 10 a.m. in Van Meter auditorium.

Widely known for his love and respect for his fellow physicians, Dr. Aud has contributed much of his time and service to the State Medical Association. Ever conscious of the responsibility of the medical association to the public, the doctor has assumed leadership in the State Cancer Society; in this position he has assisted operations in setting up local cancer clinics. Largely due to Dr. Aud's efforts, care of those economically unable to secure services

other than at the clinics has been urged.

Son of the late Dr. C. Z. Aud, a former president of the association, Dr. Guy Aud has made an outstanding record in the field of general surgery. He received his A.B. degree from St. Xavier College and was graduated from the University of Louisville school of medicine in 1909.

He has served in several of the leading hospitals and clinics in the United States, and was commanding officer of a base hospital, Toul, France, in World War I.

Having practiced surgery in Louisville since that war, Dr. Aud's esteem in the field of medicine is attested by his participation as a member on many state and national medical boards.

# Hilltoppers To Close Out Home Season Tomorrow Night

## Cards Squeeze By Western To Win 19-13 Thriller

The city of Louisville was treated to one of the season's better football games on Friday evening, October 18, as the University of Louisville's high flying Cardinals edged the Western Kentucky Hilltoppers 19-13. The contest was bitterly fought all the way and except for some bad breaks might have been a repetition of last year's 20-13 victory over Louisville.

The Toppers, who led most of the game, got both their touch downs via the fumble route, and lost the game the same way. The largest crowd that Western's gridgers have ever played before, approximately 15,000, got their money's worth from the whistle on as spectators rose to their feet on almost every play to get a better view of the slam-bang, wide-open affair.

Western struck and drew first blood before the game was five minutes old, as "Glasgow Joe" Trabue was hit hard by Ray Mills on an attempted end run, and the ensuing fumble was pounced on by guard Jimmy Haynes. After missing his first target, Pickens rifled one to Lanham who took it over for the score. Haynes placement was wide and Western led 6-0.

Eight plays later Louisville made it a 6-6 ball game as they loosed their fancy stepping backs and glue-fingered ends to roll toward paydirt. Trabue and Rideout supplied the jaunts and passes that kept the home-folks cheering. Rideout scored from the three yard line after he had run 27 yards earlier in the pe-

## Morehead To Be Western Foe In Gridiron Clash

By Bert Hagerman

After being toppled from the undefeated ranks, the Toppers appear to be ready to give Morehead all she can bargain for when the two teams meet in the Hilltop stadium at 8:15 tomorrow night.

All the tenseness and jitters that go with keeping a clean slate seem to be gone and the practice sessions have been sparking this week. The only dull note was the leg injury suffered by End Frank Wallheiser in the Western Michigan game. The tall flankman will see very little service, if any, in the Morehead tilt.

Centers Buddy Keys and Nick Diachenko are reported in top shape again as is Fullback Fred Clayton who has been suffering from a shoulder injury. All three of these boys are bearcats on defense and will be counted on heavily to stop the Morehead offense lead by brilliant Halfback Larry Workman.

The Eagles were defeated last week by the powerful Eastern Maroons in a 34-7 shellacking. Trailing at only 14-7 at the half, the Morehead need for reserves was plainly evident in the closing quarters.

With the Western passing attack showing little punch in the last two games, Coach Thomas has been concentrating on developing a better running game to help set up the pass situations. Looking especially nice in the running slot last Saturday at Kalamazoo, was Gene Glod, who picked up 82 of the 81 yards Western was able to gain on the ground.

Western will carry into the game a record of two wins, two losses, and two ties. Morehead has carried one win, five losses, and two ties. The Toppers' three remaining tilts are all against KIAC foes.

## ★ Sports Alley ★

by Bob Tinscher

Western's roundball machine is roaring into high gear. The hardwood performers are rolling into their fourth consecutive week of practice and are rapidly regaining their championship form which prompted their recognition as one of the nation's top quintet last year. The Toppers will have the services of ten returning lettermen. Among this group of veteran cagers are some of the most capable men ever to don the red and gray. Some of these "old reliables" are Odie Spears, 6'4" forward and the State's leading scorer last year, Dee Gibson often called "Mr. Brains" of the team, Don "Duck" Ray, 6' 4" forward, who hits the hoop from all corners with his uncanny overhead shots, and Oran McKinney, big pivot man who was mentioned on the All-American team in '42.

Other returning lettermen are John Oldham who masters any position on the floor, and "Deacon" Jones, another skyscraper who is just returning from service. Charlie Paraley, Roy Mann, Jim Bohannon and Bobo Davenport are other lettermen slated for heavy duty this year. Jim

Warren, Buddy Oates and Jimmy Givena will be in there plenty this season, and keep your eye on young Eddie Diddle.

The gym will receive a face-lifting in the near future. The fan shaped backboards are being replaced by glass backboards. This should be welcome news to the fans who always get those seats behind the board and never see the shots Ken Given says are "in and out!"

Frank Griffin, coach of the Hill-topper golf team has been busy this week outside of his duties as grid end coach and intramural sports director. The occasion was a 36-hole medal play golf tournament at Municipal course to get a line on candidates for this year's link aggregation.

Returning members of last year's K. I. A. C. championship team include Norman Head, Owen Chapman, and Jim Wright. One bright prospect is John Roundtree, a freshman on the Hill and for several years a stand-out at Bowling Green High and in city tournaments.

Results of the tournament were not available as the HERALD went to press, but competition was reported to be hot. The Toppers will meet some of the nation's top colleges in matches this year and a berth on the team is really something to shoot for.

The devastating results of the History Club vs. the Rock House and other grid battles which climaxed last week's intramural, touch football tournament, may well be noticed by the excess number of limps and shiners which are daily appearing on the Western campus.

The Rock House "Rogues" are repeating last year's performance as they lead the way with two victories, one over the History Club by 18-13 and also turning back the Quonset Hut 12-0. Coach Hal Phillips announces that "Rutt" Patterson, Jim Fulton, Charlie Zutt and Bill Nichols are sharing the spotlight for the "Rogues." Other capable players are Baker, Hays Mungrave, and Hagerman who lead the History Club. Blais and Murray are big guns for the Quonset Hut and Charlie Weiburn is heading the Peal House.

Western students and followers shouldn't be too upset over the defeat handed the Hilltoppers by the Western Michigan Broncos. The Michigan line average a mere 214 pounds per man advantage in the pound per man advantage in the forward wall. The Broncos boast one of the heaviest teams in the nation today. We will be able to statistically compare the Kalamazoo eleven with the top collegiate grid teams when they venture to Champaigne to clash with the University of Illinois, currently rated the number eight team in the nation.

## Junior Class Elects Officers

Chester Redman was elected president of the junior class last Thursday in a class meeting at the Cedar House. Other officers chosen were Glenn Hollingsworth, vice-president; Better Topmiller, secretary; Mary Helen Moas, treasurer; John Oldham, sergeant-at-arms; Dorothy Taylor, song leader; and June Baxler, reporter.

The class voted to assess dues of twenty-five cents a quarter from each junior and after the initial campaign to list publicly the names of those not paying.

ried to begin the drive. Gibson's kick was no good.

The Toppers' savage tackling gave them their second touchdown as Trabue fumbled a Murphy boot on his own 18 and tackle Kenny Arnold recovered for the Red and Gray. Slim Jim then reared off his left tackle and behind nice interference went the length for the score and Western's longest run of the evening. Haynes' kick was good and Louisville trailed 13-6.

In the third quarter the Cards began to move on Western as their vaunted passing attack started clicking. End Jack Coleman figured prominently in this and the last drive, playing a fine game all evening. Coleman snagged a 22 yard pass

## Tournaments For Girls On Plan

Practices for girls' volleyball games have begun in the Western gym. The various girls' teams will begin to meet during the evenings and prepare for the forthcoming volleyball tournament.

Corrections of the names of the chairmen of team sports for the various groups have been announced by the president of the girls' intramural council, Harriett Spalding. The chairmen will be as follows: Ann Porter, senior; Doris Terry, junior; Goldie Wilson, sophomores; Connie Weherby, freshman; Jo Curtis, West Hall, and Lili Simmons, Potter Hall.

Announcement of further rounds will be made by the council at a future date.

Already girls are pondering over possibilities for hockey squads for their class or hall. Anyone interested in entering the contests should contact any member of the intramural council as soon as possible.

James E. Calloway, AB '46, MA '47, is now principal of the Whitesville consolidated school. Mr. Calloway holds both the bachelor of arts and the master of arts degree from Western. His major fields in undergraduate work were economics and history. In his graduate study his majors were education and history.

## Play Of Senior Gridders Stands Out For Toppers

By Bill Selley

Three football players on the Hilltopper squad are wearing the school colors for the last time this season, and only two of these gridders have played the full four years at Western. Buddy Keys, center, and Ray Mills, back, are the only senior members who played here before the war. Jimmy Haynes came to Western last year as a junior and has been a guard stand-out since football was returned to the Hill.

Keys graduated from Tompkinsville high school in 1941. Aside from being a member of one of that school's outstanding football teams, he participated in basketball and baseball. In the fall of 1941, he entered Western and was a member of the undefeated freshman team of that season, playing under the tutelage of coach Arnold Winkenhoffer. The following year he again played under Mr. Winkenhoffer as a member of the varsity eleven.

Early in 1943 Buddy enlisted in the Marine Corps where he spent three years in fox holes in the South Pacific. After being discharged from the Corps, he re-entered Western in 1946. One of the outstanding performers last season, Keys should be a strong contestant for all conference honors this year. His rugged tackling, alert pass defense, and hard blocking makes the spectator think the game is easy to play.

Aside from football, Buddy has been a regular pitcher on Western's outstanding baseball teams for three seasons, helping the diamond aces to an undefeated season in 1946. He is majoring in physical education and biology.

Ray Mills, a native of Harlan county, did his high school pikskin totin' for Lynch. He graduated in 1941, and like Keys, entered Western that fall and became a member of the outstanding freshman team of that year. In 1942 he was a regular, alternating at wing back and tail back on Coach Winkenhoffer's single wingback formation.

His time in service was with the Field Artillery in the ETO. While there he played with the 36th Division football team, a versatile outfit composed of some of the top football talent in the service. After his release he returned to Western to continue his study of physical education. Mills weighs slightly over 160 pounds, but don't let the light weight fool you. He is dynamite and is capable of exploding for 6 points at any time. His drive and illusive-ness have marked him as a back to watch. He calls the offensive plays, a tough job which is deserving of the title "field general".

Jimmie Haynes is the only other senior on this year's Hilltopper squad. Jim is a 24 year old veteran of many football campaigns, having played four years at Pensacola High School, Pensacola, Florida, two years at Perkinson Junior College, Perkinson, Mississippi, two years of service ball, and almost two years at Western. He was captain of the 1940 squad at Pensacola, served as captain of the 1942 squad at Perkinson, which won the Jr. College championship of Mississippi, and has also served as captain for Western in two games this year. While in junior college he was an unanimous choice for all-conference at guard in 1942 and last year he was placed on the second team all-KIAC.

Haynes entered the service in early 1943 and served three years in the ETO with the Rainbow Division. While in Europe he played on the 42nd Division football team that won the Austrian championship. He organized a baseball team and a softball team in his outfit that proved outstanding in that area. He was

discharged in April, 1946, and entered Western in September.

The law of weight fails to keep Haynes from being one of the most aggressive guards ever seen on a Western team. Although he is generally outweighed 20 or more pounds each game by his immediate opponents his blocking and tackling are thorns in the side of the opposing team. His rough and tumble ball playing should elevate him to a post on the all-KIAC team this year.

Aside from football, Jimmie is a member of the baseball team, playing right field and batting in the coveted number four spot most of the season. He is a Physical Education major, with minors in English and Biology. At the present time he and his wife live in Veterans Village.

Three men cannot make a winning football team, but these three seniors with their determination and never-say-die spirit, have inspired a rather inexperienced team on toward a successful season. Their graduation will be a definite loss to the football squad and to the student body, but rest assured they won't be forgotten on the Hill.

## Laboratory Equipment Is Received Here

Those boxes which cluttered up the corridor through the basement of Cherry Hall last week were part of a shipment of laboratory equipment, which includes electronic parts, testing apparatus and the like. This equipment was received from the Signal Depot at Lexington. In addition to this equipment, which will be used in the laboratories, five X-ray tubes have been received.

## West Michigan Is Hot In 38-0 Win Over Hilltoppers

Western's scrappy Hilltoppers were no match for West Michigan State College Saturday as the Broncos rolled over the Toppers 38-0.

The Toppers held the Broncos to a 6-0 lead at the half, but the big Michigan lads, who averaged a mere 210 in the line and 188 in the back-field roared back to push over three touchdowns in the third period and two in the final frame.

The Hilltoppers threatened seriously only once, and that came as a result of Gene Glod's 42 yard jaunt through the center of the line before he was finally hauled down on the Michigan 31. After Lach caught a Pickens' pass on the 21, Glod went off tackle to the 18, but on the next play Foster snagged a Western pass on his 10 and lugged it back to the 35 before he was stopped.

After this initial bid the Toppers failed to cross the mid-stripe and Western Michigan helped themselves to plenty of scores, most of them coming as a result of Western errors.

The Broncos got their first tally with but three minutes left in the first half. After a sustained drive which covered 41 yards, Gillispie cracked over from the 1 foot line. The placement failed to add the extra point.

During the next 16 minutes of play the Broncos demonstrated how little they cared for extra points as they scored 32 points in that length of time. Scoring almost at

will, the Michigan lads seized every break and converted it into a score. The Toppers fumbled on the last half kickoff and the Broncos took over on the Red and Gray 25. Three plays later Gillispie raced over from 20 yards out to score. The conversion was good to make it 13-0.

Michigan scored again in five minutes as they drove 48 yards with the marker coming on a pass from Milesenich to Schiller, which covered 11 yards. Three minutes later the same combination scored on a 24 yard heave. Only a minute after this the Broncos scored again as a Western pass was intercepted on the Topper 14. Marks added six more to the total as he raced around end, and then lifted the oval between the uprights to register the Broncos' second and last good placement for the day. The final tally came as the same fullback, Marks, bulled over from the 4, climaxing a 37 yard drive.

Western Michigan led in first downs, 20-4, outrushed the Top-

pers, 324 to 81, and outpassed them 153 to 26.

Playing his usual brilliant game for the Toppers was Buddy Keys, with Gene Glod and Kenny Arnold also turning in fine performances.

Tomorrow night the Toppers entertain Morehead here, and they will be seeking their first conference win.

from Gitschier to start the drive, and after a brief Western stand, Ramsey caught one from Trabue for 18 more. Gitschier's continuous bucks kept Western's line in tight, and it was a sneak by the talented quarterback from the one yard line and a conversation by Gibson that tied the game 13-13.

With less than ten minutes in the game, Western end Jewell Browning recovered another Louisville fumble on the Card 28 to put Western in scoring position. Pickens' aeriels moved the oval down to the nine, then picked up three more off tackle to put Western in very dangerous territory. An aerial to Taylor failed to materialize and on a lateral Coleman intercepted for the Cards to stop the threat and start the Redbirds on the march. Louisville rolled 86 yards in nine plays with big Jack Coleman snagging a 15 yard pass from Gitschier to ice the game.

Western regained the ball but was unable to threaten, as their passing attack failed to click. The win was Louisville's first since 1926 and their third in the hard fought 14 game series.

top scenario writer in Hollywood. During that time he has written both failures and successes for the stage, including "Louder, Please;" "Small Miracle;" and "The Man With Blond Hair." The original script of "Dear Ruth" was staged and

directed by Krasna's friend, Moss Hart. It was first produced on Broadway by Joseph M. Hyman and Bernard Hart early in December, 1944. Reviewers proved enthusiastic in their praise, audience's reactions were deemed quite favorable, and "Dear Ruth" ran successfully in New York for two years.

At the frequent requests of our boys overseas during the war, the

play was sent over for their enjoyment. It proved by popular approval to be the most demanded Broadway production sent overseas. The comedy has recently been made into a successful motion picture starring William Holden, Edward Arnold, Joan Caulfield, and Billy de Wolfe.

Assisting Mr. Miller in directing the Western Players production will be Ruth Ann Jones; Charles Salley

will act as stage manager. The local cast will include: Robert Spiller as Judge Harry Wilkins; Rachel Loudermilk as Mrs. Edith Wilkins; Ruth Thomas Murray as Ruth Wilkins; James E. Wright as Lt. William Seawright; Betty Ray as Miriam Wilkins; Helen Hines as Dora; and O. V. Clark, Jr. as Albert Kummer. Others in the play are to be announced at a later date.
